Enjoy the
adventure **TOUR!**

What is the adventure TOUR?

The adventure begins with a vehicle safari tour. During the safari, you will discover 96 animal species and 70 plant species. These species are distributed across multiple enclosures, each area adapted to the needs of its inhabitants. The park has a total of 14 enclosures, where most animals live in large open spaces instead of cages, creating an approximate replica of their natural habitats. This allows the

animals to live more comfortably and gives visitors the opportunity to observe them more closely.

At the end of the vehicle tour, you can enjoy: A boat ride on the lagoon; A visit to the zoo; Access to the swimming pools and restaurant; The park also features stations where you can purchase Auto Safari Chapin merchandise.

How do i make a RESERVATION?

1. Simply let us know the dates you would like to visit, and we will gladly check availability.
2. To confirm your reservation, full payment is required, which can be made via: **Bank deposit, Bank transfer, Visa payment link.**
